### JOIN HEAD TO BODY

To make the head of your amigurumi movable, thread yellow yarn and insert the needle from the center of the magic ring on the wig and out from the neck opening (see figure 1). Count down 8 rounds from the top of the neck. Now insert your needle through the neck at this point, back through the neck opening on the head,

bringing it out again from the magic ring on the wig. Slide the head down the two strands of yarn until it sits perfectly on the neck. Knot the yarn ends together a few times to secure. Clip off excess yarn.
